The Plant Based industry has transformed in recent years with today's meat alternatives delivering excellent flavor, texture, and mouth-feel all contributing to growth!

Plant Based Meat substitutes have grown 45% in the last 5 years.

Up **27%** to \$7 billion, Plant Based has become a mainstream movement with U.S. retail sales significantly outpacing overall grocery sales in 2020.

Plant Based products are in over 18 categories throughout the store. Plant Based is up in dollars, market share, ACV, and Household penetration.

# Consumers that are Driving Plant Based Trend
